E-Mail Address \_\_\_\_\_

I understand that when I provide mediation services to the New Hampshire Agricultural Mediation Program (NHAMP), I will bill at \$180/hour for preparation and mediation time. NHAMP will pay \$120/hour for mediation services and \$60/hour will be considered a contribution to NHAMP. NHAMP will pay mileage at the federal rate. My travel time will be a contribution to NHAMP.

The invoice should include a brief description of the activities undertaken as part of preparation time. Any preparation time beyond 2 hours requires pre-approval from the program administrator.

I will set a time and place for the mediation that is agreeable to all parties. Upon completion of the mediation, I will send an invoice to NHAMP for the amount due. I understand that the invoices are subject to audit.

In order to remain on the NHAMP roster, I agree that I will complete at least twenty hours of mediation training every two years. I will provide certification to NHAMP every two years that the training has been completed.

I certify that I have professional liability insurance for a minimum of \$100,000 per claim and \$300,000 aggregate coverage.

I understand that I may do other agricultural mediations that are not part of the grant supported mediation program. I will not be paid by NHAMP for such mediations.
